

## DARLING DOLLS

As a part of our ISA in house activity, classes I & II conducted a special assembly on the topic **DARLING DOLLS**. The partner countries for the project were India, Russia and Japan. The project saw hundred percent participation, all the students got an opportunity to take part in the special event.

The stage was decked up with dolls from the three countries. The dolls were designed by the parents and drawing and colouring was done by the students. The assembly began with the prayer followed by a speech in which students briefed the school with the knowledge aspect and learning outcomes of playing with the dolls.

Since our theme was Darling dolls from Russia, Japan and India, the students dressed as Japanese and Russian dolls, showcased their moves dancing gracefully and rhythmically to each country's song. Though the kids never followed the languages, they danced merrily clad in the special costume.

The Indian Dolls were never less than anyone. They all walked the Ramp wearing their best costume. It was a spectacular performance by our kids.

The musical skit based on the significance of playing with dolls was another eye catching performance of the day. Through the skit children shared their views and learning outcome while playing with dolls individually and in group. They shared with us how our skills and imagination increases when we take care of the dolls.

The assembly ended with a special speech by Principal Mrs. Sudha Rampal who appreciated the students of classes 1 & 2 for their wonderful performance.

Principal mam always encourages the students to do better and better so that children come out with flying colours in scholastic and non scholastic fields.
